Sir:

In responsive reply to the *Notice to File Missing Parts of Nonprovisional Application* mailed August 21, 2026, the pro se Applicant, Reinaldo Javier Aguiar Marcano, respectfully submits this complete formalities response.

I. WRITTEN ASSERTION OF SMALL ENTITY STATUS (37 CFR § 1.27)

Applicant hereby formally asserts entitlement to **Small Entity status** under 37 CFR § 1.27 and 35 U.S.C. § 123. Applicant is an independent inventor who has not assigned, granted, conveyed, or

licensed, and is under no obligation under contract or law to assign, grant, convey, or license, any rights in the invention to any person, concern, or organization which would not qualify for small entity status under 37 CFR § 1.27.

This formal written assertion rectifies the default undiscounted fee assessment reflected in the August 21, 2026 Notice, lowering all applicable statutory fees to the Small Entity schedule pursuant to 37 CFR § 1.27(c)(1).

II. CURING OF FORMALITY DEFECTS & COMPLETE ITEMIZED SUBMISSIONS

To bring the application into 100% compliance with USPTO pre-examination requirements, Applicant concurrently submits the following standalone statutory papers in this electronic submission envelope:

1. **Standalone Replacement Claims (37 CFR § 1.75(h), § 1.121, § 1.126) [Patent Center Description: "Claims"]:**
   Applicant submits clean replacement Claims 1–8 commencing on a separate sheet, formatted in strict double line spacing pursuant to 37 CFR § 1.52(b)(2)(i), consecutively numbered in Arabic numerals without duplication, under the pure statutory heading "CLAIMS" and introductory phrase "What is claimed is:".

2. **Standalone Replacement Abstract (37 CFR § 1.72(b), § 1.121) [Patent Center Description: "Abstract"]:**
   Applicant submits a clean replacement Abstract commencing on a separate sheet, formatted in strict double line spacing, under 150 words in length (147 words), under the pure statutory heading "ABSTRACT OF THE DISCLOSURE".

3. **Acknowledged Inventor's Declaration (37 CFR § 1.63) [Patent Center Description: "Oath or Declaration filed"]:**
   Applicant notes that an executed Inventor's Oath or Declaration under 37 CFR § 1.63 was filed at initial filing on March 6, 2026, and acknowledged in the Image File Wrapper.

4. **Conditional Petition for Extension of Time (37 CFR § 1.136(a)) [Patent Center Description: "Extension of Time"]:**
   Applicant submits a Conditional Petition for Extension of Time under 37 CFR § 1.136(a). The initial two-month reply period set in the August 21, 2026 Notice expires on **Wednesday, October 21, 2026**. Because this reply is filed on October 10, 2026, it is fully timely within the initial statutory window, requiring $0.00 extension fees today.

5. **Conditional Request for Six-Month Suspension (37 CFR § 1.103(a)) [Patent Center Description: "Letter Requesting Suspension of Action"]:**
   Applicant submits a Conditional Request for Suspension of Action under 37 CFR § 1.103(a) (Fee Code 2830, $60.00), requesting that prosecution be suspended for six (6) months upon completion of pre-examination processing, due to ongoing federal civil rights and constitutional litigation in the United States District Court for the Southern District of Texas, Houston Division, Case No. 4:26-cv-08794 (Judge Kenneth M. Hoyt; Cause: 28:1983 Civil Rights, Nature of Suit: 440).

III. STATUTORY FEE RECONCILIATION, REQUEST FOR DEPOSIT ALLOCATION (37 CFR § 1.25(b)), AND MACRO PORTFOLIO EQUITY

A. Macro Portfolio Fee Equity Context

Applicant respectfully directs the Office of Patent Application Processing and the Office of Finance to the overarching financial realities of this prosecution. Across the 102 nonprovisional patent applications comprising Applicant's master portfolio, the USPTO Office of Finance is currently holding approximately $35,000.00 to $42,000.00 USD (with $32,758.00 USD already empirically verified and credited across 79 examined notices in the Image File Wrappers) in unapplied funds on deposit, without interest and without refund.

Viewing this individual application through an isolated, single-docket lens distorts the financial record by suggesting that Applicant has failed to remit fees. In truth, Applicant has already remitted substantial capital that remains on deposit with the agency. Fundamental administrative equity and MPEP § 509 require that unapplied deposit credits be properly accounted for and applied to maintain procedural timeliness, rather than assessing progressive extension fees that compound to over $400,000 across the portfolio without prior fee reconciliation.

B. Respectful Request for Allocation of Unapplied Deposit Funds (37 CFR § 1.25(b) & MPEP § 509)

Official Office records (specifically the August 21, 2026 Notice to File Missing Parts) confirm that the Office of Finance currently holds **$520.00 in unapplied funds on deposit** under this application serial number.

Concurrently herewith, Applicant remits the **$60.00 processing fee** under 37 CFR § 1.17(i) (Fee Code 2830) via electronic fee payment in Patent Center to satisfy the statutory requirement for the accompanying Request for Suspension under 37 CFR § 1.103(a).

Pursuant to 37 CFR § 1.25(b), MPEP § 509, and MPEP § 710.02(e), Applicant hereby respectfully requests that the Office allocate said $520.00 unapplied funds on deposit in the following order of procedural priority:

1. **PRIORITY 1 (Pre-Exam Base Fee Delta Reduction):** Because this response is filed on October 10, 2026, well prior to the October 21, 2026 deadline, no extension fee is currently due. Under the Small Entity schedule, gross statutory pre-examination fees total $1,040.00 ($140.00 basic filing fee + $308.00 search fee + $352.00 examination fee + $172.00 non-DOCX penalty + $68.00 late surcharge). Applicant respectfully requests that the entire available deposit credit of **$520.00** be applied directly toward this pre-examination base fee liability under 37 CFR § 1.16, reducing the net base fee deficiency from $1,040.00 to **$520.00**. Because this response is timely filed and substantially funded, Applicant respectfully requests that the Office issue a formal Notice of Fee Deficiency under 37 CFR § 1.53(f) and MPEP § 506 for the remaining base balance of $520.00, or hold collection in abeyance pursuant to the concurrent Request for Suspension under 37 CFR § 1.103(a);

2. **PRIORITY 2 (Suspension Processing):** Concurrently herewith, Applicant remits the $60.00 processing fee (Fee Code 2830) by electronic fee payment in Patent Center to satisfy the statutory requirement for the accompanying Request for Suspension under 37 CFR § 1.103(a).

IV. CONCLUSION

All formality requirements having been satisfied, Applicant respectfully requests that the Office of Patent Application Processing (OPAP) advance the application to Technology Center 2100 for examination.

Respectfully submitted,

/Reinaldo Javier Aguiar Marcano/
