IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant / Inventor:	Reinaldo Javier Aguiar Marcano
Application Number:	19/638,448
Filing Date:	April 3, 2026
Confirmation Number:	5699
Art Unit / Examiner:	TC 2100 / ANDREA BENNETT
Office of Petitions:	Cliff Congo, Attorney Advisor
Customer Number:	226458
Entity Status:	SMALL ENTITY (37 CFR § 1.27)
Title of Invention:	METHOD AND SYSTEM FOR DIRECT ANALOG SIGNAL ENCODING ON A HIGH-CARDINALITY PARALLEL INTERFACE

APPLICANT RESPONSE TO NOTICE OF INCOMPLETE REPLY AND NOTICE TO FILE MISSING PARTS OF NONPROVISIONAL APPLICATION
(SUBMISSION OF CURED FORMALITIES, STANDALONE DRAWINGS, SUBSTITUTE SPECIFICATION, EXTENSION OF TIME, AND CONDITIONAL SUSPENSION)

Mail Stop Missing Parts
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In responsive reply to the *Notice of Incomplete Reply* mailed August 17, 2026, the *Notice to File Missing Parts* mailed May 12, 2026, and the *Decision on Petition* (PETDEC) mailed September 28, 2026, the pro se Applicant, Reinaldo Javier Aguiar Marcano, respectfully submits this complete, comprehensive formalities response curing all outstanding pre-examination informalities.

I. STATEMENT OF REAFFIRMED ENTITY STATUS (37 CFR § 1.27)

Applicant hereby formally reaffirms entitlement to **Small Entity status** under 37 CFR § 1.27 and 35 U.S.C. § 123. Applicant is an independent inventor and person who qualifies as a small

business/individual and has not assigned, granted, conveyed, or licensed, and is under no obligation under contract or law to assign, grant, convey, or license, any rights in the invention. All statutory fees are computed strictly under the Small Entity schedule.

II. CURING OF FORMALITY DEFECTS & COMPLETE ITEMIZED SUBMISSIONS

To bring the application into 100% compliance with USPTO pre-examination requirements, Applicant concurrently submits the following standalone statutory papers in this electronic submission envelope:

1. **Substitute Specification (37 CFR § 1.125, § 1.52(b), § 1.58(a)) [Patent Center Description: "Specification"]:**
   Applicant submits a clean, formal Substitute Specification formatted in strict double line spacing pursuant to 37 CFR § 1.52(b)(2)(i), from which all embedded drawings, diagrams, and flowcharts have been completely excised pursuant to 37 CFR § 1.58(a). The substitute specification incorporates pure statutory headings, aligns the Brief Description of Drawings 1:1 with FIG. 1 and FIG. 2, and includes an express signed statement under 37 CFR § 1.125(b) certifying that the substitute specification includes no new matter.

2. **Standalone Formal Drawing Sheets (37 CFR § 1.84, § 1.121(d)) [Patent Center Description: "Drawings-only black and white line drawings"]:**
   Applicant submits standalone formal black and white line drawing sheets (Sheets 1–2 presenting FIG. 1 and FIG. 2) complying with 37 CFR § 1.84, executed on plain white paper with 1-inch margins, labeled with Arabic numerals, and containing concise descriptive labels without excessive text (37 CFR § 1.84(o), (u)(1)).

3. **Standalone Replacement Claims (37 CFR § 1.75(h), § 1.121, § 1.126) [Patent Center Description: "Claims"]:**
   Applicant submits replacement Claims 1–7 commencing on a separate sheet, formatted in strict double line spacing, consecutively numbered in Arabic numerals without duplication, and headed by the statutory introductory phrase "What is claimed is:".

4. **Standalone Replacement Abstract (37 CFR § 1.72(b), § 1.121) [Patent Center Description: "Abstract"]:**
   Applicant submits a replacement Abstract commencing on a separate sheet, formatted in strict double line spacing, under 150 words in length, under the pure statutory heading "ABSTRACT OF THE DISCLOSURE".

5. **Executed Inventor Declaration (37 CFR § 1.63) [Patent Center Description: "Oath or Declaration filed"]:**
   Applicant submits a freshly executed Inventor's Declaration explicitly stating the inventor's legal name, United States citizenship, legal residence address (26714 Valleyside Drive, Katy, TX 77494), mailing address (2302 Britton Ridge Drive, Katy, TX 77494), and containing the statutory averment under 37 CFR § 1.63(a)(4) that the application was made or authorized to be made by the executing person.

6. **Petition for Three-Month Extension of Time (37 CFR § 1.136(a)) [Patent Center Description: "Extension of Time"]:**
   Applicant submits a formal Petition for Extension of Time under 37 CFR § 1.136(a) for three (3) months, extending the response period from the initial two-month deadline of July 13, 2026 to October 13, 2026 (since October 12, 2026 is Columbus Day, 35 U.S.C. § 21 and 37 CFR § 1.7(a)). The applicable Small Entity extension fee is $636.00 (Fee Code 2253).

7. **Conditional Request for Six-Month Suspension (37 CFR § 1.103(a)) [Patent Center Description: "Letter Requesting Suspension of Action"]:**
   Applicant submits a Conditional Request for Suspension of Action under 37 CFR § 1.103(a) (Fee Code 2830, $60.00), requesting that prosecution be suspended for six (6) months upon completion of pre-examination processing, due to ongoing federal civil rights and constitutional litigation in the United States District Court for the Southern District of Texas, Houston Division, Case No. 4:26-cv-08794 (Judge Kenneth M. Hoyt; Cause: 28:1983 Civil Rights, Nature of Suit: 440).

III. STATUTORY FEE RECONCILIATION, REQUEST FOR DEPOSIT ALLOCATION (37 CFR § 1.25(b)), AND MACRO PORTFOLIO EQUITY

A. Macro Portfolio Fee Equity Context

Applicant respectfully directs the Office of Patent Application Processing and the Office of Finance to the overarching financial realities of this prosecution. Across the 102 nonprovisional patent applications comprising Applicant's master portfolio, the USPTO Office of Finance is currently holding approximately $35,000.00 to $42,000.00 USD (with $32,758.00 USD already empirically verified and credited across 79 examined notices in the Image File Wrappers) in unapplied funds on deposit, without interest and without refund.

Viewing this individual application through an isolated, single-docket lens distorts the financial record by suggesting that Applicant has failed to remit fees. In truth, Applicant has already remitted substantial capital that remains on deposit with the agency. Fundamental administrative

equity and MPEP § 509 require that unapplied deposit credits be properly accounted for and applied to maintain procedural timeliness, rather than assessing progressive extension fees that compound to over $400,000 across the portfolio without prior fee reconciliation.

B. Respectful Request for Allocation of Unapplied Deposit Funds (37 CFR § 1.25(b) & MPEP § 509)

Official Office records (specifically the Office of the Chief Financial Officer Fee Worksheet (WFEE) dated August 14, 2026, Document Number 120268D650028801, and the August 17, 2026 Notice of Incomplete Reply) confirm that Applicant's Basic Filing Fee ($70.00) and Search Fee ($308.00) have been satisfied in full, and that the Office of Finance currently holds **$166.00 in unapplied funds on deposit** (recorded under Code 2622) in this application.

Pursuant to 37 CFR § 1.25(b) and MPEP § 509, Applicant hereby respectfully requests that the Office allocate said unapplied funds on deposit in the following order of procedural priority:

1. **PRIORITY 1 (Timeliness Preservation):** Apply the entire **$166.00 unapplied deposit credit** directly to the Three-Month Extension of Time fee under 37 CFR § 1.136(a) (Fee Code 2253, $636.00 Small Entity), reducing the net extension balance due to **$470.00**. Crediting this amount to the extension fee first legally establishes that this reply is timely submitted within the extended statutory period under 35 U.S.C. § 133 and 37 CFR § 1.7(a);
2. **PRIORITY 2 (Suspension Fee Satisfaction):** Satisfy the **$60.00 processing fee** under 37 CFR § 1.17(i) (Fee Code 2830) for the concurrent Request for Suspension under 37 CFR § 1.103(a);
3. **PRIORITY 3–5 (Pre-Exam Base Fee Deficiency Deferred under 37 CFR § 1.53(f)):** The remaining pre-examination base fee deficiency of **$358.00** (comprising the $352.00 examination fee and $172.00 non-DOCX surcharge, less previous unapplied credits) is not due to be resolved immediately to preserve timeliness. Because this reply is timely filed within the 3-month extension period, Applicant respectfully requests that the Office issue a formal Notice of Fee Deficiency under 37 CFR § 1.53(f) and MPEP § 506 for any remaining base fee balance, or hold collection in abeyance pursuant to the concurrent Request for Suspension under 37 CFR § 1.103(a).

IV. CONCLUSION

All informalities noted in the Notice of Incomplete Reply and Notice to File Missing Parts having been completely cured, Applicant respectfully requests that the Office of Patent Application Pro-

cessing (OPAP) issue a Notice of Acceptance and advance the application to Technology Center 2100 for examination.

Respectfully submitted,

/Reinaldo Javier Aguiar Marcano/
