Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the Notice to File Missing Parts of Nonprovisional Application mailed on July 9, 2026, the Notice of Incomplete Reply mailed on August 11, 2026, and in view of the Decision on Petition under 37 CFR § 1.183 mailed on October 2, 2026, the *pro se* Applicant, Reinaldo Javier Aguiar Marcano, respectfully submits this complete, substantive response curing all noted pre-examination formalities and fee deficiencies.

I. EXECUTIVE SUMMARY OF CURED ITEMS

Applicant has completely and successfully cured every formality and fee item cited in the pre-examination notices in accordance with 37 CFR §§ 1.52, 1.53(f), 1.72, 1.75, and MPEP §§ 506, 601.01(a):

1. **Replacement Claims on a Separate Sheet (37 CFR §§ 1.75(h), 1.121; MPEP § 608.01(a)):** Submitted herewith as a standalone document, containing original Claims 1 through 7 commencing on a new, separate page with no intervening specification text.
2. **Replacement Abstract on a Separate Sheet (37 CFR § 1.72(b); MPEP § 608.01(b)):** Submitted herewith as a standalone document, containing the complete original Abstract commencing on its own separate page.
3. **Reaffirmation of Small Entity Status (37 CFR § 1.27):** Applicant formally reaffirms Small Entity status under 37 CFR § 1.27 (established on August 1, 2026), withdraws any prior claim to Micro Entity status, and authorizes payment and reconciliation of all statutory Small Entity fees.
4. **Petition for Extension of Time (37 CFR § 1.136(a); MPEP § 710.02(e)):** Submitted herewith, petitioning for an extension of time under 37 CFR § 1.136(a) to extend the response deadline through October 13, 2026 (accounting for Sunday October 11 and federal Columbus Day on Monday October 12 pursuant to 35 U.S.C. § 21 and 37 CFR § 1.7(a)).
5. **Conditional Request for Suspension of Action (37 CFR § 1.103(a); MPEP § 709):** Submitted concurrently, requesting a six-month suspension of action on the merits to take effect immediately upon pre-examination clearance and docketing to Technology Center 2100.

II. STATEMENT OF COMPLIANCE AND DETAILED RESPONSES

1. Technical Compliance: Replacement Claims and Abstract Commencing on Separate Sheets

The pre-examination notices noted that the originally filed application integrated the Abstract on page 1 below the title and commenced the Claims on page 3 following the descriptive text, rather than on separate sheets.

Applicant hereby submits standalone replacement sheets pursuant to 37 CFR § 1.121:

- **Replacement Claims Sheet:** Original Claims 1 through 7 are set forth on clean standalone pages commencing on a separate sheet, in full compliance with 37 CFR § 1.75(h) and MPEP § 608.01(a).
- **Replacement Abstract Sheet:** The complete Abstract of the technical disclosure is set forth on its own separate page, commencing on a separate sheet in full compliance with 37 CFR § 1.72(b) and MPEP § 608.01(b).

No new matter is introduced.

2. Establishment of Entity Status and Fee Reconciliation (37 CFR § 1.27)

Applicant previously asserted Small Entity status on August 1, 2026. Applicant hereby formally reaffirms Small Entity status under 37 CFR § 1.27.

Applicant authorizes the Office of Patent Application Processing (OPAP) to:

(a) Apply the Small Entity fee schedule to all statutory fees for Application No. 19/562,845;

(b) Apply all previously paid fees toward the outstanding statutory requirements; and

(c) Remit the applicable Small Entity fees concurrently herewith via Patent Center electronic payment, and respectfully request that if the Office determines any additional fee balance is due, the Office issue an itemized Notice of Fee Deficiency.

3. Petition for Extension of Time under 37 CFR § 1.136(a)

The Notice of Incomplete Reply mailed August 11, 2026 set a two-month period for reply expiring October 11, 2026. Because October 11, 2026 was a Sunday, and Monday, October 12, 2026 is a federal holiday (Columbus Day), the statutory deadline rolls forward to **Tuesday, October 13, 2026** pursuant to 35 U.S.C. § 21 and 37 CFR § 1.7(a).

The instant complete response is submitted on or before **October 13, 2026**. To ensure that this application remains in full force and effect under all calculations, Applicant concurrently petitions for a **One-Month Extension of Time** under 37 CFR § 1.136(a) and tenders the applicable Small Entity extension fee of **$94.00** (Fee Code 2251).

III. COMPLIANCE WITH OCTOBER 2, 2026 PETITION DECISION (OPPT)

Applicant respectfully acknowledges receipt of the Office of Petitions Decision (OPPT) dated October 2, 2026 (signed by Attorney Advisor Alesia M. Brown), dismissing Applicant's prior petition under 37 CFR § 1.183.

The Decision noted that:

> *"Wherein petitioner requests a six-month suspension of prosecution pursuant to 37 CFR 1.103(a), the application is not currently under prosecution as the application remains under pre-examination. Therefore, the provisions of 37 CFR 1.103(a) are not applicable at this time... The application is being directed to the Office of Patent Application Processing for further processing."*

Applicant has complied strictly with the procedure outlined by the Office of Petitions:

1. Rather than pursuing further burdensome Rule 183 petitions or requests for reconsideration, Applicant has focused on the complete, immediate perfection of all pre-examination filing formalities;
2. By submitting the replacement claims on a separate sheet, replacement abstract on a separate sheet, small entity fee authorization, and extension of time, **this application is now in 100% complete compliance with all requirements of the pre-examination notices**; and
3. Applicant respectfully requests that the Office of Patent Application Processing (OPAP) issue the formal **Notice of Acceptance of Application** (or updated Filing Receipt) and forward this application to Technology Center 2100 (Examiner Andrea Bennett) for examination.

IV. CONDITIONAL REQUEST FOR SUSPENSION OF ACTION UNDER 37 CFR § 1.103

Pursuant to MPEP § 709, a request for suspension of action under 37 CFR § 1.103 cannot be granted while a notice to file missing parts is outstanding. Therefore, Applicant submits his concurrent Request for Suspension under § 1.103(a) as a **conditional request** to take effect immediately upon OPAP's determination that the pre-examination formalities have been completely cured and the application has been docketed for examination in Technology Center 2100.

The suspension is requested for good and sufficient cause based on the documented collateral litigation and constructive confinement issues currently pending resolution before the United States

District Court for the Southern District of Texas (Civil Action No. 4:26-CV-08794, *Aguiar Marcano v. Pickett et al.*).

V. CONCLUSION

Applicant has fully and completely satisfied all requirements of the pre-examination notices. It is respectfully requested that the application be accepted and processed for substantive examination.

Respectfully submitted,

/Reinaldo Javier Aguiar Marcano/
