12a. Describe the tax issue you are experiencing and any difficulties it may be creating

(If more space is needed, attach additional sheets.) (See instructions for completing Lines 12a and 12b)

I am experiencing an erroneous duplicated penalty of $76,636.42 for TY 2024, mistakenly generated via a manual "18H" override despite the underlying tax being paid in full (proof attached). On August 10, 2026, Notice CP504 threatened immediate levy on my bank accounts. Difficulties Created: 1. Financial Hardship: An erroneous levy on my account threatens immediate business insolvency. 2. Confinement Obstacle: I am physically unable to attend IRS offices due to 116 days of constructive office confinement under a void state Capias warrant. 3. SCOTUS Case Interference: The Capias and related constitutional violations are actively pending before the Supreme Court of the United States in In Re Aguiar Marcano (No. 26-186, distributed for Conference on Sept 28, 2026). A bank freeze now would financially disarm a pro se litigant.

4. Account Compromise: My account is under active TIGTA investigation (Project 2026200004) due to an unauthorized UNAX data leak to foreign intelligence. I have filed Form 9423 and request urgent TAS intervention.

12b. Describe the relief/assistance you are requesting *(if more space is needed, attach additional sheets)*

I respectfully request that the Taxpayer Advocate Service provide the following urgent assistance:

1. Emergency Collection Stay (Taxpayer Assistance Order): Immediately issue a Taxpayer Assistance Order (TAO) under IRC § 7811 to place a temporary, manual collection freeze on my account (TIN: XXX-XX-2502) to stay all levy actions, lien filings, and passport revocation warnings under Notice CP504 pending a manual investigation.

2. Independent Manual Account Audit: Assign a TAS caseworker to coordinate with TIGTA and Chief Risk and Control Officer (CRCO) Dottie Romo to perform a forensic audit of the manual "18H" Error Resolution System operator override, verify my attached proof of payment for the 2024 tax year, and permanently remove the duplicated penalty assessment.

3. Account Security Flag: Place a high-security lock/flag on my taxpayer account to prevent any further unauthorized manual overrides or digital exfiltration while TIGTA (Project 2026200004) and the Supreme Court of the United States (Cause No. 26-186) complete their respective reviews.

I understand that Taxpayer Advocate Service employees may contact third parties to respond to this request and I authorize such contacts to be made. Further, by authorizing the Taxpayer Advocate Service to contact third parties, I understand that I will not receive notice, pursuant to section 7602(c) of the Internal Revenue Code, of authorized third parties contacted in connection with this request.
