III. Formal Certification of No New Matter (37 CFR § 1.125(b))

Pursuant to 37 CFR § 1.125(b) and MPEP § 608.01(q), Applicant hereby formally certifies that the enclosed Clean Substitute Specification and Marked-Up Copy of Specification include no new matter. The amendments are strictly limited to formatting corrections,

specifically the excision of embedded drawings, claims, and abstract to standalone sheets, and the enforcement of compliant double line spacing and flush-left paragraph formatting. The technical disclosure remains textually invariant.

IV. Explicit Itemized Fee Allocation Waterfall (37 CFR § 1.22(b) & § 1.25(b))

Applicant respectfully notes the macro financial context: across Applicant's portfolio of 102 applications, the USPTO Office of Finance is currently holding over $32,758.00 in verified unapplied funds on deposit without interest. In the interest of equitable administration, Applicant respectfully requests that the Office allocate the unapplied funds currently recorded on this specific docket in the following strict order of dependency:

1. **Priority 1: Extension of Time (Fee Code 2255):** Applicant respectfully requests that the $450.00 in unapplied deposit credits currently recorded on this docket (acknowledged in the Notice of Incomplete Reply mailed August 12, 2026) be allocated 100% toward the 5-month extension of time fee (Fee Code 2255, $1,358.00) to legally tender payment and secure statutory timeliness under 35 U.S.C. § 133 and 37 CFR § 1.136(a)(2).

2. **Priority 2: Suspension Processing Fee (Fee Code 2830):** The $60.00 processing fee for the Conditional Request for Suspension of Action is remitted concurrently herewith via credit card in Patent Center.

3. **Priority 3: Net Remaining Balance & Deficiency Request:** After applying the $450.00 credit to the extension fee, a net balance remains. Applicant respectfully requests that the Office issue a formal Notice of Fee Deficiency under 37 CFR § 1.53(f) and MPEP § 506 for the remaining net balance of the extension and base filing fees, providing a fresh two-month reply window to cure the deficit.

V. Conclusion

Applicant respectfully requests that the Office: (1) accept this response as timely filed and apply the requested extension of time; (2) accept and fully enter the curative formalities instruments, including the substitute specification, drawings, claims, and declaration; (3) grant the conditional suspension of action to take effect upon pre-examination clearance; and (4) issue a formal Notice of Fee Deficiency under 37 CFR § 1.53(f) for the remaining net fee balance.

Respectfully submitted,
