Operative Superseding Instrument Clause

This supplemental response is expressly filed to supersede and replace the prior response submitted on October 10, 2026, in its entirety. Applicant respectfully requests that the Office treat this submission as the operative response to the outstanding pre-examination notices.

I. Reaffirmation of Small Entity Status

Applicant explicitly reaffirms Small Entity status under 37 CFR § 1.27.

II. Curing of Formal Deficiencies

Applicant respectfully submits this supplemental response to comprehensively address and resolve the outstanding pre-examination formalities.

Substitute Specification and 37 CFR § 1.125(b) Certification

Applicant concurrently files a Substitute Specification, including a clean copy and a marked-up copy pursuant to 37 CFR § 1.125(c). The sole purposes of this substitution are:

1. To excise embedded drawings to standalone formal sheets (37 CFR § 1.58(a));
2. To segregate the claims and abstract to separate sheets (37 CFR §§ 1.72(b), 1.75(h)); and
3. To delete the paragraph titled "Statement of License Grant to the United States Government" in its entirety to preserve Applicant's Small Entity status under 37 CFR § 1.27.

Applicant hereby certifies that the technical disclosure remains invariant and that these procedural changes introduce no new matter into the application.

III. Statutory Fee Satisfaction and Deposit Allocation

Applicant respectfully notes that all statutory pre-examination base fees and extension fees have been fully satisfied as of October 15, 2026. Specifically, the following fees were remitted via electronic payment:

- Code 4011: Basic Filing Fee (Small Entity) — $70.00 (Paid Oct 15, 2026)
- Code 2111: Utility Search Fee (Small Entity) — $308.00 (Paid Oct 15, 2026)
- Code 2311: Utility Examination Fee (Small Entity) — $352.00 (Paid Oct 15, 2026)
- Code 2054: Non-DOCX Filing Surcharge (Small Entity) — $172.00 (Paid Oct 15, 2026)

- Code 2255: Extension for Response Within Fifth Month — $1,082.00 (Paid Oct 15, 2026, crediting $276 previously paid)
- Code 2830: Processing Fee for Suspension — $60.00 (Paid Oct 13, 2026)

Because Applicant remitted the full gross fee amount without deducting the $416.00 in unapplied deposit credits recognized in the August 5, 2026 Notice, the Office of Finance continues to hold $416.00 in unapplied deposit funds. Applicant respectfully requests that this balance be refunded under 37 CFR § 1.26 or maintained as an active credit for future prosecution. Furthermore, Applicant notes that across the portfolio, the USPTO holds over $32,758.00 in unapplied funds.

IV. Conclusion

Applicant respectfully requests that the Office: (1) Accept the statutory timeliness of this response and the previously paid 5-month extension of time; (2) Accept and fully enter the curative formalities instruments, including the substitute specification, drawings, claims, abstract, and declaration; (3) Grant the conditional suspension of action under 37 CFR § 1.103(a); and (4) Acknowledge full fee clearance and advance the application to the examining art unit.

Respectfully submitted,
