OPERATIVE SUPERSEDING INSTRUMENT CLAUSE

Applicant respectfully files this Supplemental Response to expressly supersede and replace the prior response filed on October 10, 2026, in its entirety. This comprehensive filing ensures absolute formalities compliance and decisively preserves Applicant's Small Entity status.

I. Reaffirmation of Small Entity Status

Applicant explicitly reaffirms Small Entity status under 37 CFR § 1.27, having cured any potential entity status defects.

II. Substitute Specification and 37 CFR § 1.125(b) Certification

Applicant concurrently files a Substitute Specification, including a clean copy and a marked-up copy pursuant to 37 CFR § 1.125(c). The sole purposes of this substitution are:

1. To excise embedded drawings to standalone formal sheets (37 CFR § 1.58(a));
2. To segregate the claims and abstract to separate sheets (37 CFR §§ 1.72(b), 1.75(h)); and
3. To delete the paragraph titled "Statement of License Grant to the United States Government" in its entirety to preserve Applicant's Small Entity status under 37 CFR § 1.27.

Applicant hereby certifies that the technical disclosure remains invariant and that these procedural changes introduce no new matter into the application.

III. Complete Statutory Fee Satisfaction

Applicant respectfully notes that 100% of the required pre-examination base fees and extension fees under Small Entity status (37 CFR § 1.27) have been fully satisfied on the docket. Specifically, the following exact Small Entity fee codes were officially receipted by the Office:
