Operative Superseding Instrument Clause

Applicant submits this comprehensive Supplemental Response to address all formalities deficiencies set forth in the Notice to File Missing Parts mailed April 29, 2026, and the Notice of Incomplete Reply mailed August 14, 2026. This filing operates as a superseding instrument resolving all outstanding pre-examination matters, ensuring full statutory compliance under Title 37 of the Code of Federal Regulations.

Item I: Reaffirmation of Small Entity Status (37 CFR § 1.27)

Pursuant to 37 CFR § 1.27, Applicant explicitly reaffirms entitlement to Small Entity status as an independent inventor under 35 U.S.C. § 41(h). Applicant filed a verified Statement of Small Entity Status on October 10, 2026, officially recorded in the docket history. Applicant confirms that no rights have been assigned or licensed to any entity ineligible for small entity treatment.

Item II: Curing of Formalities Deficiencies & Document Itemization

In full satisfaction of the cited informalities, Applicant provides the following curative instruments:

1. Document 01: Supplemental Transmittal Response (this instrument);

2. Document 02: Petition for Four-Month Extension of Time under 37 CFR § 1.136(a);

3. Document 03: Conditional Request for Six-Month Suspension of Action under 37 CFR § 1.103(a);

4. Document 04: AIA Inventor's Declaration executed pursuant to 37 CFR § 1.63, containing the mandatory authorization statement under 37 CFR § 1.63(a)(4);

Substitute Specification and 37 CFR § 1.125(b) Certification

Applicant concurrently files a Substitute Specification, including a clean copy and a marked-up copy pursuant to 37 CFR § 1.125(c). The sole purposes of this substitution are:

1. To excise embedded drawings to standalone formal sheets (37 CFR § 1.58(a));

2. To segregate the claims and abstract to separate sheets (37 CFR §§ 1.72(b), 1.75(h)); and

3. To delete the paragraph titled "Statement of License Grant to the United States Government" in its entirety to preserve Applicant's Small Entity status under 37 CFR § 1.27.

4. To excise Non-Patent Literature to a standalone document coded as Non-Patent Literature (NPL).

Applicant hereby certifies that the technical disclosure remains invariant and that these procedural changes introduce no new matter into the application.

Item III: Statutory Fee Reconciliation and Allocation Waterfall

Under the governing Small Entity schedule, required pre-examination base fees total $970.00: Code 4011 ($70.00), Code 2111 ($308.00), Code 2311 ($352.00), Code 2051 ($68.00), and Code 2054 ($172.00). The Notice of Incomplete Reply confirmed $450.00 in unapplied deposit funds held by the Office on this docket.

Pursuant to 37 CFR § 1.22(b) and MPEP § 509, Applicant directs the Office to apply said $450.00 credit to fully satisfy: Code 4011 ($70.00), Code 2111 ($308.00), and Code 2051 ($68.00), leaving a $4.00 credit balance.
