APPLICANT'S SUPPLEMENTAL RESPONSE TO PRE-EXAMINATION NOTICES

Incorporating: (1) 3-Month Extension of Time, (2) Conditional Suspension, (3) Substitute Specification, (4) Replacement Claims, (5) Replacement Abstract, (6) Formal Drawings, (7) Perfected Declaration, and (8) Deposit Allocation

OPERATIVE SUPERSEDING INSTRUMENT: To ensure absolute clarity of the record, this supplemental response and its accompanying enclosures expressly supersede the prior responses and technical sheets filed on July 30, 2026, and July 31, 2026, in their entirety.

I. Reaffirmation of Small Entity Status

Applicant explicitly reaffirms Small Entity status under 37 CFR § 1.27, securing the statutory 60% fee reduction.

II. Curing of Formal Deficiencies

Applicant concurrently submits the following curative instruments, strictly complying with all cited formalities:

- Petition for 3-Month Extension of Time (37 CFR § 1.136(a));
- Conditional Request for Suspension (37 CFR § 1.103(a));
- Perfected AIA Inventor Declaration (37 CFR § 1.63);
- Standalone Replacement Claims (37 CFR § 1.75(h));
- Standalone Replacement Abstract (37 CFR § 1.72(b));
- Standalone Formal Drawings (37 CFR § 1.84).

Substitute Specification and 37 CFR § 1.125(b) Certification

Applicant concurrently files a Substitute Specification, including a clean copy and a marked-up copy pursuant to 37 CFR § 1.125(c). The sole purposes of this substitution are:

1. To excise embedded drawings to standalone formal sheets (37 CFR § 1.58(a));
2. To segregate the claims and abstract to separate sheets (37 CFR §§ 1.72(b), 1.75(h)); and
3. To delete the paragraph titled "Statement of License Grant to the United States Government" in its entirety to preserve Applicant's Small Entity status under 37 CFR § 1.27.

Applicant hereby certifies that the technical disclosure remains invariant and that these procedural changes introduce no new matter into the application.

III. Fee Allocation and Remittance (37 CFR § 1.22(b))

Pursuant to 37 CFR § 1.22(b) and MPEP § 509, Applicant formally requests that the Office apply the $416.00 in unapplied deposit credits currently held on the docket toward the unpaid pre-examination base fees as follows:

- $70.00 applied to the Basic Filing Fee (Fee Code 4011);
- $308.00 applied to the Utility Search Fee (Fee Code 2111).

This allocation absorbs $378.00 of the credits. The remaining outstanding base fees (Examination Fee $352.00,, Non-DOCX Surcharge $172.00), the 3-month Extension of Time delta ($636.00 less $94.00 previously paid = $542.00), and the Suspension Fee ($60.00) are remitted concurrently herewith via Patent Center electronic checkout. The Late Filing Surcharge $68.00 (Fee code 2051 was previously paid on 07/31/2026).

IV. Conclusion

Applicant respectfully requests that the Office: (1) Grant the 3-month extension of time to ensure statutory timeliness; (2) Accept and fully enter the curative formalities instruments (substitute specification, drawings, claims, declaration); (3) Grant the conditional suspension of action; and (4) Apply the remitted fees to achieve full pre-examination clearance and advance the application to the examining corps.

Respectfully submitted,

/Reinaldo Javier Aguiar Marcano/
