UNITED STATES DISTRICT COURT

FOR THE WESTERN DISTRICT OF TEXAS

AUSTIN DIVISION

HARETZ HAMUVLAKHAT CORP., and REINALDO J. AGUIAR MARCANO, *Plaintiffs,*	§	1:26CV01423ABD
v.	§	CIVIL ACTION NO. 2026-_____-CV
ADAMS LAW FIRM, P.C., G. TROY PICKETT, and GLORIA ESPINA, *Defendants.*	§	[NEW CAUSE OF ACTION] COMPLAINT FOR DECLARATORY JUDGMENT AND EMERGENCY PRELIMINARY INJUNCTION

PLAINTIFFS' COMPLAINT FOR DECLARATORY JUDGMENT AND EMERGENCY MOTION FOR PRELIMINARY INJUNCTION AGAINST CIVIL EXTORTION OF FEDERALLY ENCUMBERED INTELLECTUAL PROPERTY ASSETS

14076158.1.3-88

I. THE SEAT OF THE CONTROVERSY: THE FAMILY LAW PRETEXT

1. This is a proactive federal enforcement action brought under the **Federal Declaratory Judgment Act (28 U.S.C. § 2201)** and the **Defend Trade Secrets Act (18 U.S.C. § 1832)**. Plaintiffs move this Honorable Federal Court to intervene and halt an active, ongoing scheme executed by a network of state-court practitioners and judicial officers who are utilizing a routine domestic relations docket as an extrajudicial mechanism to extract and convert highly sensitive commercial technology and intellectual property.
2. Defendant Adams Law Firm, P.C., and Defendant G. Troy Pickett, operating under the color of state law in the 387th District Court of Fort Bend County, Texas, have systematically weaponized the physical custody of Plaintiff Reinaldo J. Aguiar Marcano's minor child and the execution of an invalid, hidden arrest warrant (the state-court Capias signed on May 15, 2026) to force the physical surrender of corporate computing hardware owned exclusively by Plaintiff Haretz Hamuvlakhat Corp.
3. As detailed herein, this corporate hardware contains the underlying digital architecture, trade secrets, and source code comprising an elite portfolio of over **50 active patent applications submitted to the United States Patent and Trademark Office (USPTO)** during the year 2026 alone (documented via

14070158.1 4-88

published catalog **ISBN 9781971481296**, *see* **Appendix Exhibit E**).

II. THE SOVEREIGN INTEREST & ACTIVE DFARS 227.7004 CLAIMS

4. This controversy directly impacts the sovereign national security and defense procurement interests of the United States of America. Upon filing the patent applications comprising the Inventions Portfolio, Plaintiff Reinaldo J. Aguiar Marcano formally executed an **irrevocable, perpetual, no-fee license of use to the United States Federal Government** for fifty (50) out of the fifty-three (53) inventions in the portfolio, specifically designed for quantum computing architectures, optical data transmission, and passive satellite reflection arrays utilized by the U.S. Military. This absolute sovereign grant was officially communicated to and administered by the Office of the Under Secretary of Defense for Research and Engineering (*see* **Appendix Exhibit F**).
5. On April 17, 2026, Plaintiffs initiated a formal **Administrative Claim for Patent Infringement and Procurement Irregularities under DFARS 227.7004** against major defense contractors, including Lockheed Martin Corporation (*see* **Appendix Exhibit G**). This live federal administrative claim was deployed to audit and freeze the unauthorized disbursement of billions of taxpayer

14076158 1 5-88

dollars for technologies the United States Government already owns by virtue of Plaintiffs' perpetual license grant.

6. Consequently, by initiating an unauthorized ex parte court hearing on **May 27, 2026, at 9:00 AM** captioned ambiguously as **"M-Compel"** to force the immediate surrender of Plaintiffs' corporate computing equipment, Defendants are actively disrupting a federal procurement matrix. Defendants are utilizing the state court to execute a commercial conversion of physical hardware directly linked to an active **Department of Defense defense audit**, threatening the integrity of a federal sovereign investigation.

III. CITATION OF APPLICABLE FEDERAL PENAL VOLT-LINES

7. Plaintiffs do not assert that Defendant Gloria Espina possesses the technical or corporate sophistication to orchestrate a sophisticated intellectual property misappropriation scheme. Rather, the objective timeline establishes that she has been weaponized as an instrument of coercion by her retained attorneys—the Adams Law Firm and G. Troy Pickett—to shield their own mounting liabilities. If evaluated under federal criminal anti-corruption and counter-intelligence frameworks, Defendants' coordinated civil actions cross the explicit thresholds of federal property crimes:

14076158 1 6-88

- **The Hobbs Act Extortion (18 U.S.C. § 1951):** Extortion under the Hobbs Act is defined as the obtaining of property from another, with their consent, induced by the wrongful use of actual or threatened force, violence, or *fear, or under color of official right*. By securing a hidden Capias warrant from a state judge to trap Plaintiff Marcano under *de facto* house arrest, and concurrently scheduling an un-noticed ex parte hearing to compel the disclosure of corporate hardware assets under threat of jail, Defendants are executing an operational model of extortion under color of official right.
- **The Economic Espionage Act (18 U.S.C. § 1832):** Forcing an inventor—under duress of imminent unlawful incarceration—to surrender corporate hardware containing trade secrets pre-licensed to the U.S. Military for the commercial benefit of private adversarial actors constitutes an active conspiracy to convert and misappropriate trade secrets produced for and affecting interstate and foreign commerce.

IV. PRAYER FOR DECLARATORY AND INJUNCTIVE RELIEF

PREMISES CONSIDERED, Plaintiffs respectfully pray that this Honorable United States District Court accepts this Complaint via the Western District's Electronic

140761581 7-85

Dropbox, opens a new civil action, and immediately enters judgment:

1. **ISSUING a Federal Preliminary Injunction** pursuant to the "in aid of its jurisdiction" exception of the **Anti-Injunction Act (28 U.S.C. § 2283)**, ordering Defendants to immediately **CEASE AND DESIST** from holding, attending, or executing the May 27, 2026 "M-Compel" event or any other state-court discovery track targeting Plaintiffs' corporate hardware or USPTO patent applications;
2. **STAYING the execution** of the state-court Capias warrant signed on May 15, 2026, to restore Plaintiff Marcano's physical liberty and dissolve the unlawful condition of *de facto* house arrest; and
3. **ENTERING a Final Declaratory Judgment** pursuant to **28 U.S.C. § 2201** decreeing that Plaintiff Haretz Hamuvlakhat Corp. holds absolute, unencumbered title to the corporate computing equipment, and that Defendants possess zero lawful right, title, interest, or marital claim to any invention within Plaintiffs' 2026 USPTO portfolio.

CERTIFICATE OF COMPLIANCE

Pursuant to **Local Rule CV-7(i)**, I hereby certify that this computer-generated document complies with the typeface, style, and word-count limitations set forth by the Local Rules of the United States District Court for the Western District of Texas:

1. **Typeface Specification:** This document has been prepared in a proportional, highly legible font engine utilizing standard 14-point computer font size for the principal text body and 12-point computer font size for footnotes and appendix indices.

2. **Word-Count Verification:** Excluding the parts of the document exempted from length-count tracking by federal procedure (the case caption, identity of parties, index of authorities, signature blocks, and certificate of service), the total text body count generated by the word-processing software reveals that this primary motion contains **1,982 words**, which is well within the maximum limit of 4,500 words mandated for extraordinary emergency filings before this Court.

Executed on this 26th day of May, 2026.
