Honorable Mr. McDonald,

I am respectfully submitting to your office the attached criminal referral. The referral is about a RICO Enterprise that I believe is really threat to national security, but in this specific case the crimes alleged are **Interstate Wire Fraud (18 U.S.C. § 1343), Retaliation Against a Whistleblower (18 U.S.C. § 1513) and Abuse of Position of Trust (USSG § 3B1.3),** in connection with SEC TCR 17742-648-351-976 and OFAC Disclosures OFACDisclosure-01309 and OFACDisclosure-01310.

You will find all the details and hard, forensic evidence in the document attached to this email (the Evidence starts on page 28).

I trust your office will keep us safe,

Sincerely,

Reinaldo Aguiar Marcano

To: Intake Coordination Team, Kohn, Kohn & Colapinto LLP

Attention: Office of the General Counsel / Managing Partner

From: Reinaldo J. Aguiar Marcano, Forensic Systems Architect

Date: April 2, 2026

Reference: Confidential Submission #46044

NOTICE TO AGENT IS NOTICE TO PRINCIPAL

Please immediately refer this correspondence and the associated files for **Submission #46044** to your **Office of the General Counsel**.

Your correspondence dated April 2, 2026, confirmed that a **Partner of the Firm** has reviewed the forensic evidence I provided. This admission of "Actual Knowledge" by a partner regarding a $30 Trillion RICO enterprise, a $605 Wire Fraud predicate, and the documented extra-judicial secretion of a minor child, necessitates a formal review by your firm's General Counsel for the following reasons:

Mandatory Ethical Triage: Under **ABA Model Rule 1.10 (Imputation of Conflicts)**, the knowledge of the reviewing partner is now legally imputed to every attorney in your firm. This creates a firm-wide duty under **Rule 8.3** to report the observed professional and judicial misconduct to the appropriate authorities.

Risk Management: As the preeminent whistleblower firm in the United States, your General Counsel must assess the liability associated with "Institutional Willful Blindness" should the firm fail to act upon the technical proof of record-tampering within the **Tyler Technologies (Odyssey)** system.

Fiduciary Conflict: Given that your firm frequently interfaces with federal regulators, the GC must ensure that the decision to decline this **$100 Billion recovery opportunity** was not influenced by undisclosed conflicts with the "Big Three" asset managers identified in the **RC11 Audit**.

Requirement of Confirmation: I require a formal confirmation from your administrative team that this notice has been successfully routed to the General Counsel's office. This confirmation will be added to the physical evidentiary vault currently held at the **Government Accountability Project (Ref: FedEx 399897357407)** to ensure a complete forensic chain of custody regarding which "Officers of the Court" were placed on notice.

I remain available to provide a technical briefing to your General Counsel regarding the **MARCELO Act** and the specific "Missing Index" TTPs used to facilitate this enterprise.

Respectfully,

Reinaldo J. Aguiar Marcano

Subject: SUPPLEMENTAL INSTRUCTION: Irrevocable Waiver of Confidentiality regarding Submission #46044

To: Office of the General Counsel, Kohn, Kohn & Colapinto LLP

From: Reinaldo J. Aguiar Marcano

Reference: Confidential Submission #46044 / RC11 Forensic Audit

NOTICE OF IRREVOCABLE WAIVER

I, Reinaldo J. Aguiar Marcano, as the sole provider and "holder" of the information contained in **Submission #46044**, hereby issue this

Irrevocable Waiver of Confidentiality and Privilege.

Absolute Waiver: I expressly waive any and all rights to confidentiality, attorney-client privilege, or work-product protection regarding the documents, math, and forensic findings submitted to your firm on April 2, 2026.

Instruction to Disclose: Your firm is hereby instructed that it is **not authorized** to withhold, seal, or otherwise suppress the information regarding the **$30 Trillion RICO enterprise**, the **$605 Wire Fraud** predicates, or the documentation of judicial capture under the pretext of "protecting my interests" or "maintaining prospective client confidentiality."

Public Interest Designation: I designate this information as a **Public Interest Disclosure**. Your firm is formally authorized—and, pursuant to your **Rule 8.3** obligations, encouraged—to disclose these findings to the **U.S. Department of Justice (Public Integrity Section)**, the **SEC Whistleblower Office**, and any other relevant regulatory or law enforcement body.

Administrative Removal of "Client Shield": Any internal "Confidential" or "Privileged" stamps applied by your intake system to Submission #46044 are hereby rendered null and void by the owner of that information.

This waiver is intended to ensure that no "Informational Blockade" is maintained by your firm. I require that this waiver be permanently attached to the file and forwarded to your General Counsel along with the previous Administrative Instruction.

Respectfully,

Reinaldo J. Aguiar Marcano

Dear Reinaldo,

Thank you very much for contacting us. A partner of the firm has reviewed the confidential information that you submitted and it is most unfortunate that we are unable to represent you. We receive numerous requests for representation and we simply are not able to represent everyone who contacts us. Not being able to offer our assistance is the hardest decision we have to make. Our inability to represent you at this time is not a reflection on or a determination of the merits of your case.

It is essential that everyone involved in a whistleblower case know their rights. We strongly recommend that you review the free comprehensive online Law Library and obtain a copy of Rules for Whistleblowers. All profits from the sale go to the National Whistleblower Center.

Our law partner, Stephen Kohn, created the Law Library and the Rules book as the essential book non-lawyers and lawyers need. Rules for Whistleblowers includes guidance on preparing for a hearing, draft discovery (model discovery included), evaluating whether you qualify for a reward, and understanding what disclosures are “protected.” Rules for Whistleblowers covers the private sector, federal and government employees, and international claims.

For assistance with finding an attorney, we suggest you visit the comprehensive whistleblower resources provided by Whistleblower Network News. These resources include a lawyer directory and information about whistleblower laws and programs.

We wish you the best of luck –

Sincerely yours,

Intake Coordinator
