Sir:

In responsive supplemental follow-up to the *Notice to File Missing Parts* mailed May 12, 2026, the *Notice of Incomplete Reply* mailed August 17, 2026, and supplementing the initial response filed October 10, 2026, the pro se Applicant, Reinaldo Javier Aguiar Marcano, respectfully submits this comprehensive Supplemental Formalities Response. This response is timely filed accompanied by a three-month extension of time extending the deadline to October 13, 2026.

I. WRITTEN ASSERTION OF SMALL ENTITY STATUS (37 CFR § 1.27)

Applicant hereby formally asserts and reaffirms entitlement to **Small Entity status** under 37 CFR § 1.27 and 35 U.S.C. § 123. All statutory fees are computed strictly under the Small Entity fee schedule.

II. CURING OF FORMALITY DEFECTS & COMPLETE ITEMIZED SUBMISSIONS

To pre-emptively cure every latent technical and formal informality before the application is assigned to an examining art unit, including defects in the papers filed on October 10, 2026, Applicant concurrently submits the following perfected instruments in this single, unified 9-document electronic envelope:

1. **Formal Certification of No New Matter (37 CFR § 1.125(b) & MPEP § 608.01(q)):** Applicant hereby formally certifies pursuant to 37 CFR § 1.125(b) and MPEP § 608.01(q) that the accompanying Substitute Specification contains **NO NEW MATTER**. The changes incorporated into the Substitute Specification relative to the as-filed specification are strictly limited to the excision of embedded graphic images (relocated to formal standalone drawing sheets under 37 CFR § 1.84), excision of embedded abstract and claims (relocated to standalone sheets under 37 CFR §§ 1.72(b), 1.75(h)), enforcement of strict double line spacing, and uniform flush-left paragraph formatting.

2. **Standalone Substitute Specification (37 CFR § 1.125(c)) [Patent Center Description: "Specification"]:**
   Applicant submits both a **Clean Copy of the Substitute Specification** and the previously omitted **Marked-Up Copy** (showing all excisions in strike-through), ensuring the specification contains purely technical disclosure text without extraneous metadata or procedural blocks, curing the defect under MPEP Form Paragraph 6.28.02.

3. **Standalone Formal Drawing Sheets (37 CFR § 1.84) [Patent Center Description: "Drawings - only black and white line drawings"]:**
   Applicant submits standalone formal drawing sheets containing **FIG. 1 and FIG. 2** across Sheets 1–2. Each sheet bears the mandatory phrase **"Replacement Sheet"** in the top margin pursuant to 37 CFR § 1.121(d).

4. **Perfected Universal AIA Inventor Declaration (35 U.S.C. § 115, 37 CFR § 1.63) [Patent Center Description: "Oath or Declaration filed"]:**

Applicant submits an executed, perfected AIA Inventor Declaration satisfying all statutory requirements, curing the defective citation ('87 CFR') in the October 10 submission. This includes the mandatory authorization averment (37 CFR § 1.63(a)(4)), explicit enumeration of the inventor's physical legal residence and mailing address, and the standalone criminal liability warning under 18 U.S.C. § 1001.

5. **Standalone Replacement Claims (37 CFR § 1.75(h)) [Patent Center Description: "Claims"]:**
   Applicant submits standalone Replacement Claims 1–7, commencing on a separate sheet in strict double spacing, under the pure statutory heading "CLAIMS".

6. **Standalone Replacement Abstract (37 CFR § 1.72(b)) [Patent Center Description: "Abstract"]:**
   Applicant submits a standalone Replacement Abstract, commencing on a separate sheet in strict double spacing, under the pure statutory heading "ABSTRACT OF THE DISCLOSURE".

7. **Supplemental Petition for Extension of Time (37 CFR § 1.136(a)) [Patent Center Description: "Extension of Time"]:**
   Applicant submits a Supplemental Petition for Extension of Time under 37 CFR § 1.136(a), formally tendering payment for a Three-Month Extension via deposit allocation (detailed in Section III) to secure the statutory response period through October 13, 2026.

8. **Supplemental Request for Six-Month Suspension (37 CFR § 1.103(a)) [Patent Center Description: "Letter Requesting Suspension of Action"]:**
   Applicant submits a Supplemental Request for Suspension of Action under 37 CFR § 1.103(a), requesting that prosecution be suspended for six (6) months upon completion of pre-examination processing.

III. STATUTORY FEE RECONCILIATION, REQUEST FOR DEPOSIT ALLOCATION (37 CFR § 1.25(b)), AND MACRO PORTFOLIO EQUITY

A. Macro Portfolio Fee Equity Context

Applicant respectfully directs the Office of Patent Application Processing and the Office of Finance to the overarching financial realities of this prosecution. Across the 102 nonprovisional patent applications comprising Applicant's master portfolio, the USPTO Office of Finance is currently holding approximately $35,000.00 to $42,000.00 USD (with $32,758.00 USD already empirically verified and credited across 79 examined notices in the Image File Wrappers) in unapplied funds on deposit, without interest and without refund.

Viewing this individual application through an isolated, single-docket lens distorts the financial record by suggesting that Applicant has failed to remit fees. In truth, Applicant has already remitted substantial capital that remains on deposit with the agency. Fundamental administrative equity requires that unapplied deposit credits be properly accounted for and applied to maintain procedural timeliness.

B. Confirmation of Previously Remitted Statutory Suspension Fee

Applicant respectfully notes that the **$60.00 processing fee** under 37 CFR § 1.17(i) (Fee Code 2830) required for the accompanying Request for Suspension under 37 CFR § 1.103(a) was previously remitted in full and receipted by the Office on October 10, 2026 (see Electronic Payment Receipt Transaction ID: E202600B21147702). This statutory fee requirement is therefore fully satisfied without requiring additional concurrent remittance.

C. Respectful Request for Allocation of Unapplied Deposit Funds (37 CFR § 1.25(b) & MPEP § 509)

Official Office records (specifically the Notice of Incomplete Reply mailed August 17, 2026) confirm that the Office of Finance currently holds **$166.00 in unapplied funds on deposit** under this application serial number ("$(166) previous unapplied payment amount").

Pursuant to the statutory authorities codified below, Applicant respectfully requests that the Office allocate the existing $166.00 unapplied funds on deposit according to the following strict priority waterfall:

Legal Provision	**Statutory Citation**	**Legal Operational Effect**
Applicant Direction of Funds	37 CFR § 1.22(b)	Prohibits Office discretion when applicant specifies fee purpose with particularity.
Applicant Override of Default Accounting	MPEP § 509	Credits applied in default order "unless otherwise specified by applicant".
Partial Fee Base Allocation	MPEP § 506	Applies partial funds in order (Basic → Search → Exam), issuing deficiency notice for balance.
Notice of Fee Deficiency Protocol	37 CFR § 1.53(f)	Requires Office to issue formal notice and provide a 2-month response period to cure fee deficits.
Extension Fee Determination	37 CFR § 1.136(a)(2)	Amount paid determines the period; unapplied credits credited toward that determination.

1. **PRIORITY 1 (Explicit Itemized Allocation to Extension of Time Fees - 37 CFR § 1.136(a)):** Under Small Entity status, the full 3-month extension fee (Fee Code 2253) is $636.00. Pursuant to 37 CFR § 1.22(b) and MPEP § 509, Applicant respectfully requests the following explicit itemized allocation toward this obligation:

    - **Item 1 (Unapplied Deposit Credit):** Applicant respectfully requests that the **$166.00** unapplied deposit credit acknowledged by the Office (Notice of Incomplete Reply, Aug 17, 2026) be applied directly toward Fee Code 2253. By formally specifying this application, payment has been tendered under 37 CFR § 1.136(a)(2) sufficient to maintain timeliness.
    - **Item 2 (Net Remaining Delta):** After deducting the $166.00 unapplied credit from the $636.00 extension fee, the net extension balance is **$470.00**. Applicant respectfully requests that the Office issue a formal Notice of Fee Deficiency (37 CFR § 1.53(f)) for this $470.00 delta. Submission of the extension petition and this itemized allocation extends the statutory reply period to **October 13, 2026** (as Oct 12 is Columbus Day).

2. **PRIORITY 2 (Pre-Examination Base Fees - 37 CFR § 1.16):** For the remaining statutory base filing fees ($358.00 base fee deficiency), Applicant respectfully requests that the Office issue a formal **Notice of Fee Deficiency** pursuant to 37 CFR § 1.53(f) and MPEP § 506, allowing fee settlement to proceed in accordance with standard Office deficiency procedures.

IV. CONCLUSION

All formal and technical instruments having been fully perfected herein, and statutory timeliness secured through October 13, 2026 via the directed Waterfall allocation of deposit credits to Extension of Time fees (Priority 1), Applicant respectfully requests that the Office of Patent Application Processing (OPAP) accept this response as timely and complete, issue an administrative Notice of Fee Deficiency under 37 CFR § 1.53(f) for the remaining balances, and advance Application No. 19/638,448 to an examining art unit.

Respectfully submitted,
