CONDITIONAL REQUEST FOR SUSPENSION OF ACTION
(37 CFR § 1.103(a))

Mail Stop Missing Parts
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Pursuant to 37 CFR § 1.103(a), Applicant Reinaldo Javier Aguiar Marcano respectfully submits this Conditional Request for Suspension of Action in the above-referenced nonprovisional patent application for a period of **six (6) months**.

1. CONDITIONAL NATURE OF REQUEST:

Applicant acknowledges under MPEP § 709 that a suspension of action cannot be granted while a Notice to File Missing Parts remains outstanding. The applicant has submitted a complete package to cure all outstanding pre-examination informalities. This request for suspension is **conditionally triggered** to take effect immediately upon the Office of Patent Application Processing (OPAP) clearing the application for advancement to the examining art unit.

2. GOOD AND SUFFICIENT CAUSE (37 CFR § 1.103(a)):

Applicant respectfully submits that good and sufficient cause exists to suspend prosecution due to pending related federal civil rights litigation. Applicant is the plaintiff in the United States District Court for the Southern District of Texas, Houston Division, Case No. 4:26-cv-08794 (Judge

Kenneth M. Hoyt; Cause: 28:1983 Civil Rights, Nature of Suit: 440). The outcome of these federal proceedings materially impacts the ongoing legal disposition and equitable execution of this patent application. Suspension is requested to prevent the compounding of statutory prosecution deadlines while the federal court adjudicates the related matter.

3. FEE PAYMENT CONFIRMATION:

Applicant respectfully notes that the required **$60.00 processing fee** (Fee Code 2830) was previously remitted in full and receipted by the Office on October 10, 2026 (see Electronic Payment Receipt Transaction ID: **E202600B21147702**). All statutory fee requirements for this request for suspension are therefore fully satisfied without requiring additional payment.

Respectfully submitted,

/Reinaldo Javier Aguiar Marcano/
